| MACHINES | TRANSPORT |
| NATIONS | OUR WORLD |
| HUMAN BODY | OCEANS |
| BUGS | NATURE WORLDS |

SPECIFICATIONS: 234 x 300 mm; 32 pp self ends; 10,000 words approx; index

DESCRIPTION:

A new reference set, perfect for helping with homework, or just brushing up on the essential elements from a wide range of topics. Solid information, superb illustrations, accessible format.

For each subject area, there are 12 key headwords, one per spread. For every headword there are 15-25 alphabetical entries, each clearly described and explained in 2-3 sentences. Arranged around each spread are a set of illustrations or diagrams, separate from the alphabetical arrangement of the entries, but each clearly identified and captioned. There is also an extra panel, giving background history, lists, tables, facts etc.

There is at least one special pictorial spread per title, featuring a single large illustration and major headword only.

Examples of headwords:

EARTH Volcanoes, Plates, Rivers, Rocks, Oceans, Coastline, Mountains, Deserts, Climates, Weather
DINOSAURS Early Life, First reptiles, Dinosaurs, Sauropods, Theropods, Ornithischians, First Humans, Fossils
