

Whose are these
STRIPY legs?

My home is in the
African jungle.

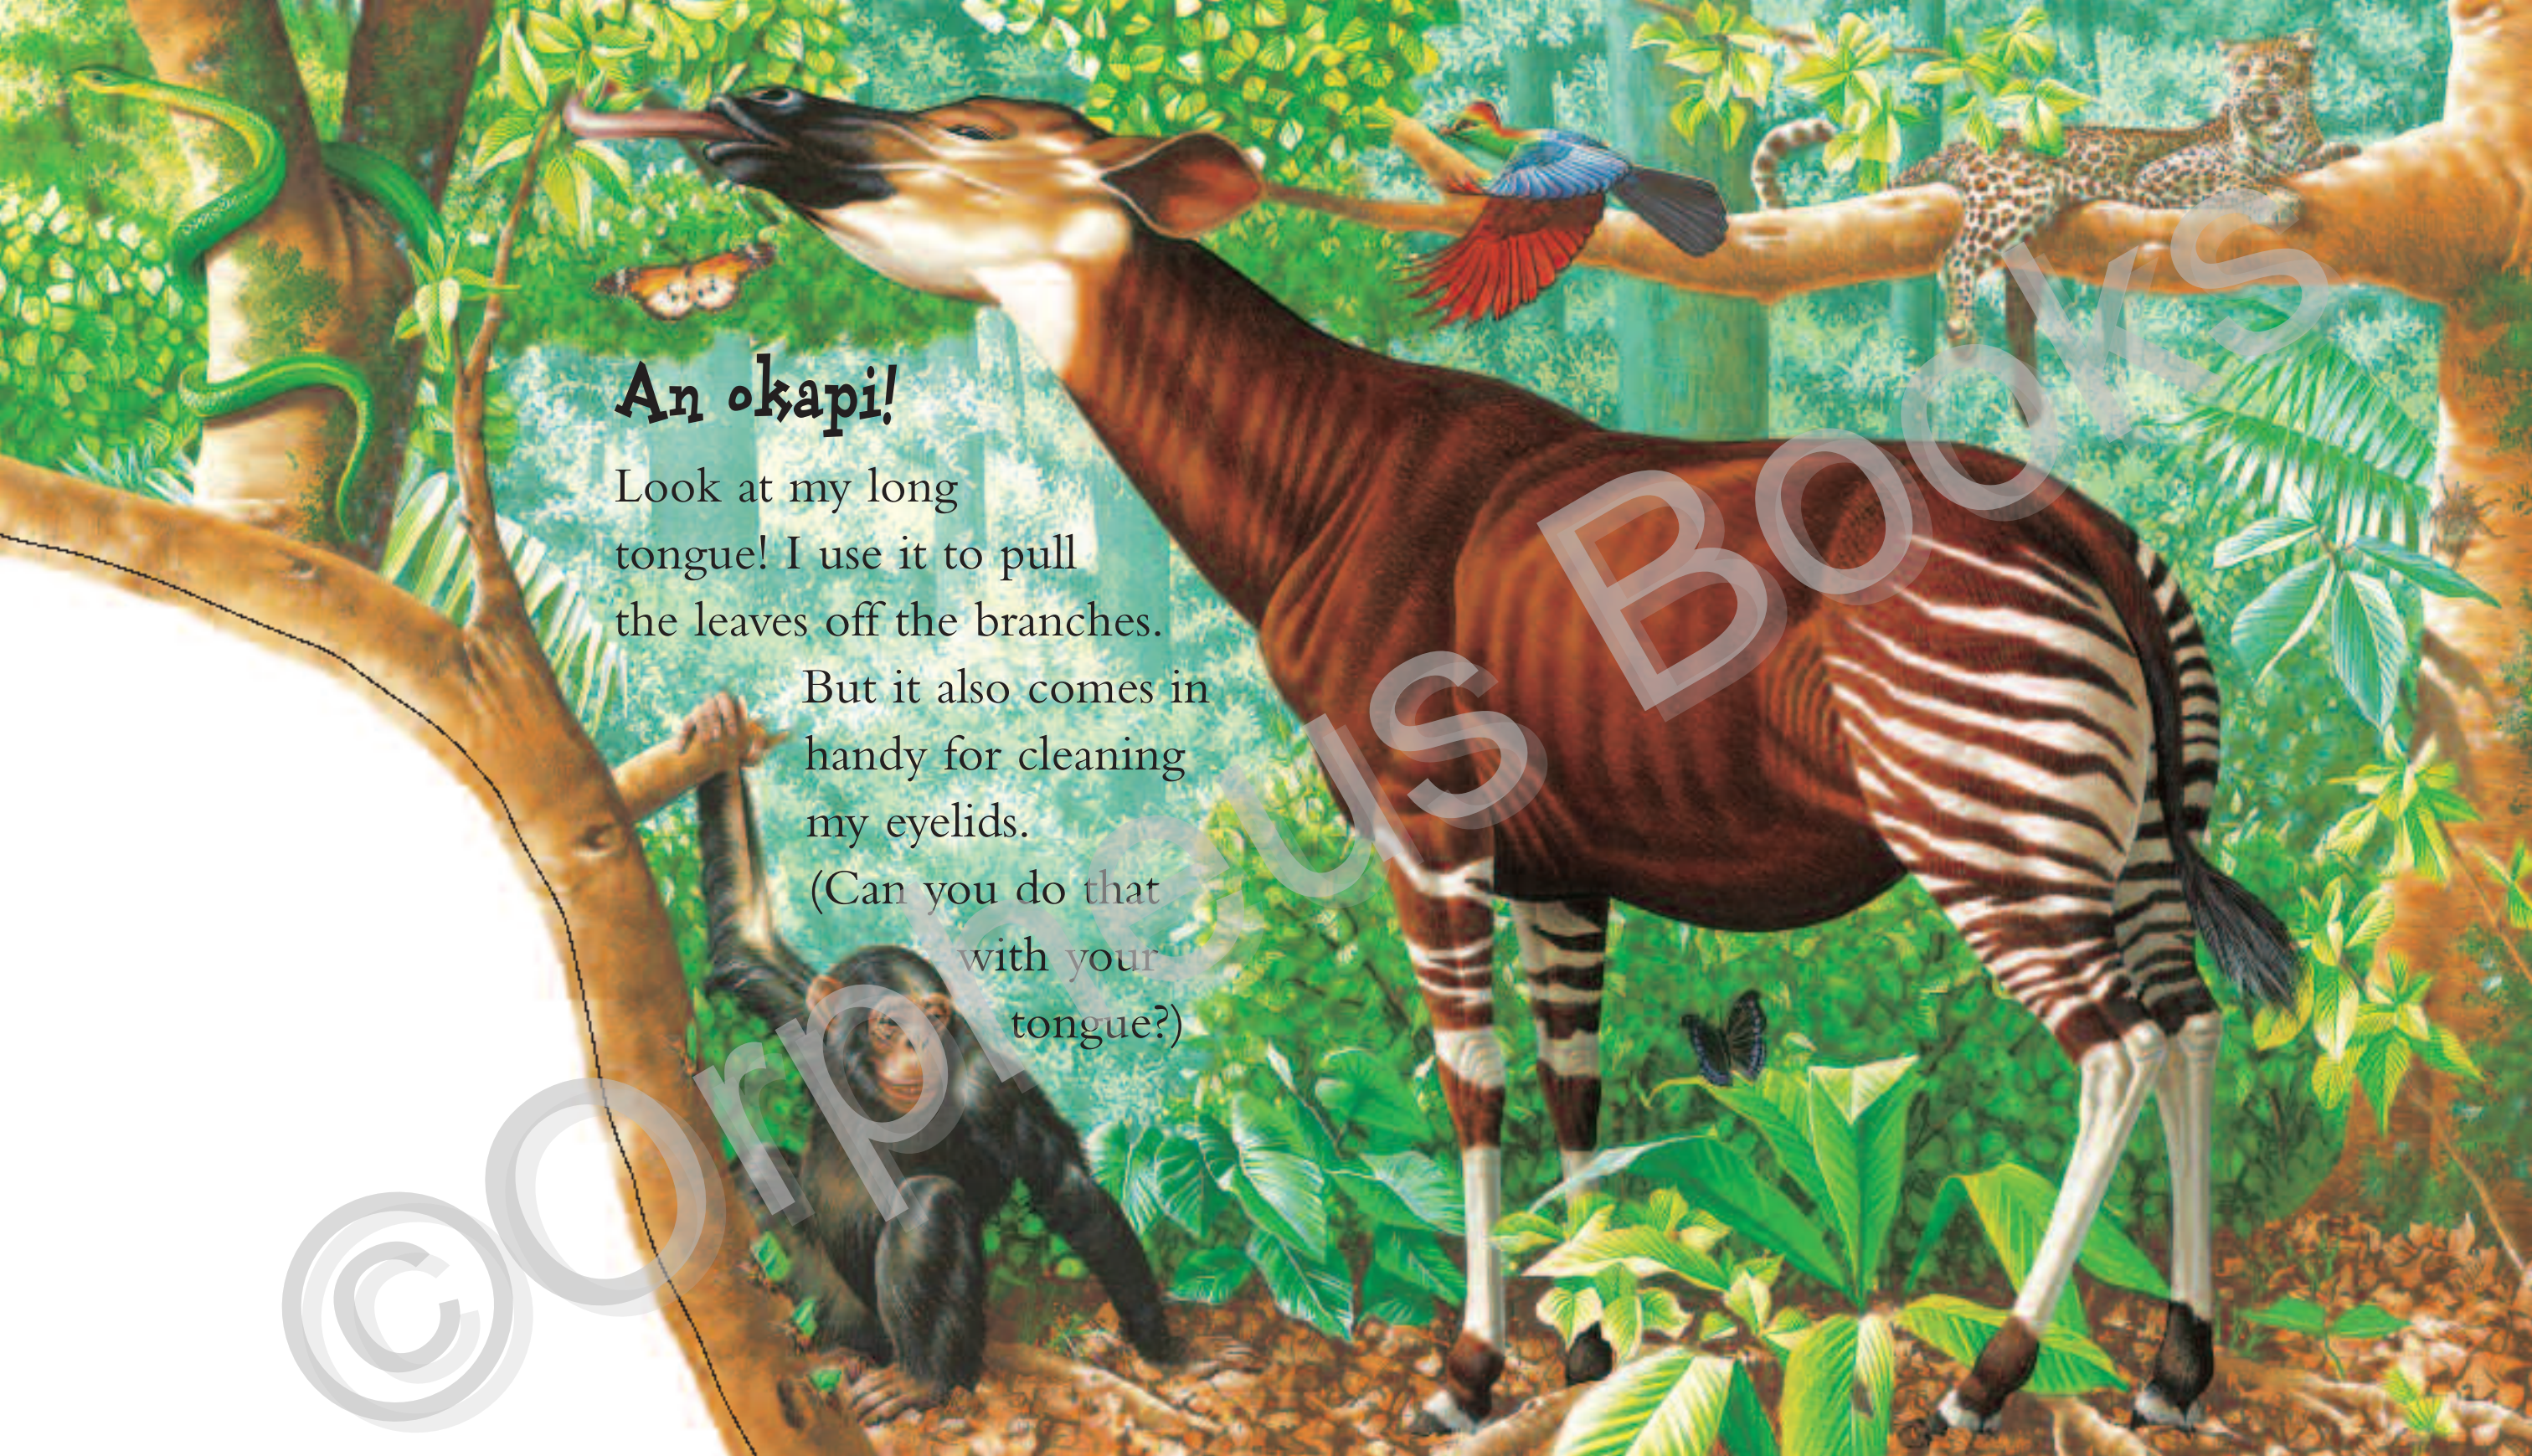

I am very shy.

I can grow as tall as a
man.

I like to feed on leaves,
buds and shoots.

I also eat fruit, ferns
and grass.

Can you guess who
I am?

An okapi!

Look at my long
tongue! I use it to pull
the leaves off the branches.

But it also comes in
handy for cleaning
my eyelids.

(Can you do that
with your
tongue?)
